

Inert Fitting Sets

BACKGROUND

Chemical Inert two and three piece fitting sets offer positive sealing without troubling dead space and are for use with PTFE and silicone tubing.

| Two Piece Fitting Sets | | | |
|---|-----------------|------------------------|---------------------|
| | | Configuration | Kit = 10 Assemblies |
| Part Number | Port | Tubing IDxOD | Wetted Material |
| SV102P109-10 | 10-32 | .036 x .062 TBGM109 | Kel-F |
